

Got Sniffles?

'Tis the height of the season for
colds and the flu.

Wondering about school?
Here's what to do!

Green stuff coming from the
eyes, lungs or nose,

Kids gotta stay home...
that's how it goes.

Your child is running a fever, you say,
You must keep them home for at least one day.

Diarrhea and vomiting are never a question,
Please do not bring us this indigestion.

Coughing or sneezing that's unusually bad,
Kids should stay home with Mom or with Dad.

We'll do our best to keep our school clean,
To the germs and the dirt we will be mean.

Thanks for doing your part, we know it's not easy,
But sick kids at school make us feel queasy.

We love you all dearly, and we really do care,
Illness is one thing we don't want to share!
